1. Purpose

To promote international academic exchanges and facilitate the development of research and education, Rakuno Gakuen University invites guest researchers from our partnership institutions.

2. Areas of Research

Applicants should select a research field available at our university.

3. Applicable universities and research institutions

Partnership institutions are listed as an attachment with which we have agreements of cooperation.

4. Qualifications

(1) Applicants must be active researchers at the level of professor, associate professor, assistant professor or lecturer at the universities or institutions under the "agreement of cooperation", as listed in Section 3. An enriched academic experience is necessary. All applicants are required the consent of their host supervisor (laboratory or department) in our university concerning the joint research in advance.

(2) Applicants should have sufficient Japanese or English proficiency to facilitate everyday communication and life in Japan.

(3) Applicants are required to make a presentation at a conference or publish a thesis of their research at our university within a year after finishing the (joint) research.

(4) Applicants must not have been selected in the past with this program.

5. Number of invited researchers

A few researchers. *Applicants for a long term program (more than six months) will be selected preferentially within the budget.

6. Period of visiting research

Period: From April, 2022 to March, 2023 (Japanese Fiscal Year 2022).

Duration: 3 to 12 months.

Note: In principle, changes in the research period or travel home will not be permitted once the applicant starts his or her research at our university. Exceptions may be made for humanitarian cases or official duties.

7. Stipend and expenses *subject to change within the budget

(1) Living stipend: 100,000 yen per month (to be determined).

(Fractions of a month will be paid on a per diem basis: 3,000 yen per day)

(2) Housing: Guest researchers will be provided with housing. Heat, light, and water expenses must be paid by the individual users.

(3) Transportation expenses: Round-trip travel from the applicant's home country to Japan must be paid by the applicant.

8. Application procedures

9. Selection procedure

The Committee of Extension Center selects candidates by evaluating research contents, research record and other aspects and then recommends the candidates to the University President, who gives the official approval.

10. Notification of results

Result of the selection will be announced to applicants within a month.

11. Research report

(1) Before returning to their home country, guest researchers will be required to present the results of their research to the University.

(2) Guest researchers must submit a report of research results to the President of Rakuno Gakuen University through the Director of the Extension Center.

12. In Addition

(1) Guest researchers will be requested to give occasional guest lectures in classes and seminars or to guide academic papers of students. In that case, recompense is paid to the guest researchers.

(2) If guest researchers wish to be accompanied their families, prior approval is required. In such cases, a guest researcher must pay for the living and other expenses for their family. Housing may not be provided in such cases.

(3) The period of visiting research and other things may be changed due to unforeseen circumstances.

(4) Acceptance from the same university or institution should be once every two years.

(5) Host supervisor in RGU may accept only one guest researcher in the same year.
