學校簡介
Introduction

KMUTT is indeed well known for innovative programs and strong curricula in science, technology and engineering. In addition, we have developed a reputation for outstanding research, skilled and proficient graduates, distinguished faculty members and effective supporting staff. As the first government institute to become an autonomous university in Thailand, we are better equipped to service the needs of our students and to direct research to real industrial and community issues.

Currently, strong emphasis is being placed on knowledge integration, that is, how graduates make use of their acquired knowledge or apply knowledge to practical work situations. The university also provides internship opportunities and global experience for our students through work-integrated learning in the industrial sector and innovative research projects for community benefit.

學期制度
Academic
Calendar

秋季 Fall Semester

春季 Spring Semester

Aug-Dec
Application deadline :
10 June

Jan-May
Application deadline :
10 October
